4. Stage Carriage Permits :-

- (i) Reciprocal agreements with regard to operations of stage carriage on inter-State routes between Rajasthan and Gujarat shall be as per Annexure "A".

Any discrepancy discovered later in the name and length of route shown in the said Annexure shall promptly be corrected through correspondence between the reciprocating States and shall not be treated as any modification of the agreement.
- (iii) Passenger fares shall be charged according to the rates fixed by the respective States for the portion lying in that State.

- (viii) The respective State Transport Undertakings may add new services of stage carriages on notified routes or increase the numbers of trips on any existing route keeping in view the overall public demand, by mutual agreement in writing with the approval of both the State Governments. - (iii) All Temporary Permits if countersigned or allowed, shall be on double point taxation basis that means every such permit holder shall have to pay both Special Road Tax/Passenger Tax/Goods Tax and Motor Vehicle Tax./Road Tax, as the case may be, along with the countersignature fee of the concerned State.

6. Taxation:-

The taxes of reciprocating States in respect of different types of vehicles operating on various classes of permits shall be payable as per provisions of the Taxation Act and rules of the respective States.

7. Countersignature:-

The countersignature for stage carriage permits shall be granted by the State Transport Authority or Regional Transport Authority of any State, as the case may be, on the recommendation made by the Transport Authority of the other State.

8. Corridor route:-

In view of the geographical position of the two States of Gujarat and Rajasthan, some routes having their originating and terminating points in one State have to pass through a small portion of the territory of the other State. The motor vehicles of the one State permitted to ply on such route have, therefore, to pass through the small enclaves in the other State to complete the whole journey.

Under Section 88(1) of the Motor Vehicle Act, 1988 it has been provided that where both the starting point and the terminal point of a route are situated within the same State, but part of such route lies in any other State and the length of such part does not exceed sixteen kilometers, the permit shall be valid in other State in respect of that part of the route which is in that other State, notwithstanding that such permit has not been countersigned by the State Transport Authority or the Regional Transport Authority of the other State.

In view of this specific provision of the law, countersignature of the permits of vehicles, availing corridor facility shall not be necessary, but such permits, for purpose of taxes shall be treated at par with permits which are duly countersigned and shall be allowed on single point taxation basis.

Whenever the permits are granted by the Transport Authority of reciprocating State to operate the vehicle on corridor routes of other State, such permits shall be clearly endorsed by the issuing authority that countersignature of permit is not required under the second proviso to subsection (1) of Section 88 of the

Motor Vehicles Act, 1988. Special Road Tax/Passenger Tax as the case may be, shall be recovered by the concerned States for the portion falling in its area as per their taxation Act and Rules.

9. General:-

(i) The reciprocating States shall accord recognition of the tax tokens, drivers and conductor license, transport vehicle authorization and the certificate of fitness issued under the relevant rules of each of the two States in respect of vehicles operating on inter-State Routes, in accordance with this agreement.

(ii) This agreement shall be valid till such time as a new agreement is arrived at between the two States by mutual consent. This agreement can, however, be rescinded by either State after issue of three months notice.

IN WITNESS WHEREOF the parties hereto have signed this agreement on this day and year first above referred.
